

# Lund University Foundation

Lund University Foundation is a charitable, non-profit 501(c)(3) organization, based in the United States, organized and operating exclusively for scientific and educational purposes.

Founded in 1666, Lund University in Sweden is ranked as one of the top 100 universities in the world.

## For A Better World

Our mission is to strengthen Lund University's ties with the United States and with Lund alumni in the U.S. We are raising funds from donors in the United States to make grants available for specific projects.

By contributing funds to research, education and special projects you are supporting Lund University's vision to understand, explain and improve our world and the human condition. Together we are working for a better world.

### FOR A BETTER WORLD PROJECTS INCLUDE:

#### 1. SCHOLARSHIPS

##### NURTURE AMERICAN & INTERNATIONAL TALENT

Lund University global scholarships educate future leaders regardless of their current financial situation. With your help let's send three talented students to Lund this year!

#### 2. THE RAVENSBRÜCK ARCHIVE PRESERVE THE MEMORIES OF RAVENSBRÜCK CONCENTRATION CAMP PRISONERS

Lund University Library is working to translate, digitize and publish 500+ interviews with Ravensbrück concentration camp survivors, taken within weeks of liberation. Help us make the testimonials of these women and children accessible to descendants, historians, and researchers all over the world – let's preserve their stories for generations.

#### 3. PERENNIAL POLYCULTURES SUPPORT SUSTAINABLE FARMING

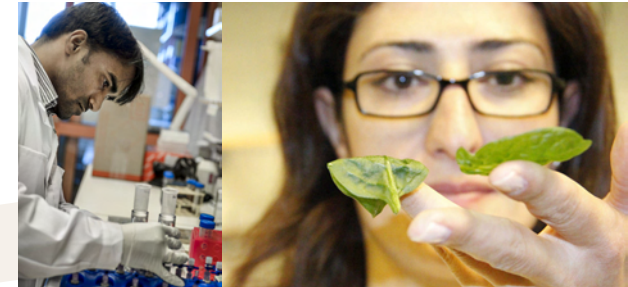

Lund University Centre for Sustainability Studies (LUCSUS) is rethinking agriculture based on ecological principles. They're experimenting with perennial alternatives to staple food crops in polycultures in pursuit of truly sustainable food systems and vibrant rural societies. Land degradation is minimized as well as the need for synthetic fertilizers and pesticides - benefitting our environment, both big and small farmers and us the consumers.

#### 4. RESEARCH

##### FIGHT CANCER, DIABETES, PARKINSON'S, AND DEVELOP NEW INNOVATIONS

For nearly 350 years, Lund University in Sweden has been a driving force in research. Did you know the artificial kidney, asthma medicine, ultrasound and Bluetooth technology are all results of Lund's research? By combining curiosity with skills our 5,000+ researchers are working for a better world.

#### JOIN

Lund University Foundation is developing a U.S. Alumni and Friends network with all alumni, former exchange students, foundations and special interest groups.

A variety of exciting events are held all over the U.S. where you can network and learn about new developments at Lund University. Please sign up at <http://alumni.lu.se>
